November 2048

Dr. Gregory Berman
Meshalkin clinic
Novisibirsk, 630055

Dear Dr. Berman,

My experience working at *Bell Labs* afforded me the opportunity to develop new therapeutic skills and expand personal attributes vital to autism therapeutic process. I am self-motivated, intuitive, organized, have a positive attitude, and most importantly I have a great interpersonal and communication skills. My position at Bell Labs enabled me to interact with children through individual, family and group counseling.

I will contribute unique insight, various professional abilities and strong dedication to the team. Working with your clinic will be great opportunity to build upon my experience with autistic children.

I believe that I have the professional and personal characteristics to be a successful contributor and team member. I welcome the opportunity to discuss my qualification with you in person. If you have any questions or require additional information, please feel free to contact me at any time. Thank you for your time and consideration.

Sincerely, Dmitry Einstein.
